Subject: Illegal transfer of our website.
To: <nominet@nominet.uk>

For the attention of Nominet.

After some considerable investigation it is now apparent that our nemaritimetrust.co.uk website has been stolen and transferred to Nominet from our hosting company TSO HOST.

We suspect that an aggrieved member of this Charity is responsible and request that a reversal should take place immediately.

It is believed that the email address concerned is:
daw50nmdj@hotmail.co.uk.

While we are happy to further discuss this situation with Michael, who thankfully transferred management and payment via TSO Host to our charity a number of years ago (Oct 2020). This current uncertainty makes for an unnecessarily difficult situation.

However, currently we must regard this action as theft including subsequent losses incurred.

If Michael is willing to complete transfer from Nominet back to TSO Host, which has already been initiated, all well and good.

Please advise.

With kind regards
A Renwick. Chairperson of North East Maritime Trust.

Cc Michael Dawson
