Hi Gents,

Please see the message below from Alec Renwick.

Should we leave it to you, Richard, to make any response - if you think it is wise to respond?

Peter

Dear NEMT Trustee's,

Please find the following attached by Mick Dawson an NFHT director, most of you will not know him.

However apart from more aggressive, personalised emails to me, which I find objectionable. This is the only communication by anyone relative to the 'Proposal' to NFHT received so far (in response to replies requested within 7 days prior to the next NEMT meeting).

Cc to Peter and Richard.

Perhaps Peter and Richard can advise if this represents their NFHT response.

Regards
Alec Renwick.
