Dear Alec,

Thank you for copying me into your recent war of words with Mr Peter Weightman.

In your words yesterday:- *"This inaction was repeated many times, especially regarding the hoped for restoration of your very historic coble Golden Gleam; now rotting away at St Peters. A very poor reflection on any so called Heritage Trust.*

May I remind you that she lies rotting because, you as Chair of NEMT broke your promise made on in October 2022 to take her onboard because you now claim via the [Coble and Keelboat Society](#) that, as the Golden Gleam is not owned by NEMT, you will no longer have anything to do with her.

I think you owe Peter an apology before next Friday.

Regards,
Mick Dawson
