

15' NORTHUMBRIAN COBLE

At long last here is a larger addition to our Northumbrian Coble range—at 15' LOD, she is a big handsome dayboat with space to accommodate the family plus camping gear and stores. The drawings give details for an outboard well and copious amounts of stowage. As with the other Cobles, construction is stitch & tape but the moulds and building jig details are also given along with the same details for a 14' version and a single masted gunter rig with jib. She could be built as a motor coble (w/o the rig) and could take a cuddy.

An attractive example by Martin Lunghi.

15' Northumbrian Coble Particulars

LOA	15'	4.57m
Beam	5'10"	1.77m
Hull Mid Depth	1' 11 1/4"	0.59m
Draft	7 1/2"/3' 9 1/2"	0.19/1.15m
Sail Area	140 sq.ft	13.03 sq.m
Approx. Dry Weight	375 lbs	170 kg
Hull Shape	Multi-chine with 5 planks per side, reverse sheer and tumblehome
